

DAN LANGSTON
CLASS OF 1983

Dan Langston is Chief Executive Officer of Flightline Group, Inc., a regional aviation company headquartered at Tallahassee International Airport. With more than four decades of experience in the aviation industry, he has helped guide the company's growth through a variety of leadership roles, including President, Chief Operating Officer, Vice President of Finance, and General Manager of Flightline's Tallahassee and Gainesville operations.

A proud fifth-generation Floridian, Langston earned an Associate of Science degree from Tallahassee State College in 1983 before completing a Bachelor of Science in Finance at Florida State University. A licensed FAA Commercial Pilot, he holds Instrument, Multi-Engine Land, and Single-Engine Sea ratings.

Langston credits TSC with providing the educational foundation that launched his successful career and has remained committed to giving back to the College. His support includes establishing a scholarship to help TSC students pursue their educational goals and create opportunities for future generations. Throughout his career, he has also dedicated his time and expertise to numerous organizations, including Leadership Tallahassee, the Challenger Learning Center, the Economic Development Council, the Florida Aviation Trade Association, Careers in Aviation, the American Heart Association, and the American Red Cross.

Through his leadership, philanthropy, and commitment to student success, Langston continues to make a lasting impact on the Tallahassee community and beyond.
